**DSD / Berlage Institute  
public program**

**DSD / MVRDV**  
**Future Cities /**  
**URBAN ASYMMETRIES**  
**MEXICO CITY**

**A speculative research and design program that aims to conceive and project latent architectonic dwelling modalities that could act in the definition of cohabitational spaces between working class, middle class and wealthy urbanities, theorizing architectonic action within the growing impartial geographies left by the advance of neoliberal globalization.**

**INFORMATION DAY  
November 28 at 12:30  
DSD Studio 8th Floor**

**Open to all  
MSC students**
